MIAMI

Connecting Tourism Globally - Att. Skal USA board

I would like to apply for the Skål USA Membership position. I have always valued the friendship, events, and international connections from my years as a Skål member, and I am ready to give back by contributing my knowledge to the USA chapters.

A key achievement during my presidency was delivering the highest membership increase of any club worldwide. I believe it takes that same commitment and vision to bring Skål USA and Skål International to a new level.

We should emphasize that we are an executive-level association. For the younger generation, this should be an attractive opportunity to connect with new career paths.

Thank you for the opportunity to present myself. I appreciate your consideration for the Membership position.

Best regards,
Karin Andersen - Skal Miami
